

HAVE-A-HEART! *Participate in the 2017 Campaign.*

The “Oklahaven” Children’s Chiropractic Center is a non-profit organization dedicated to making sick children well using natural, drug-free chiropractic care.

Children respond quickly to treatment since their bodies have great recuperative powers. Many parents come to the Center as their last hope.

The Center specializes in the treatment of neurologically disorganized children: nursing difficulties, colic, diarrhea, allergies, asthma, failure to thrive, developmental delays, ADHD through the autistic spectrum, and cerebral palsy are just a few conditions that have been successfully treated.

The Center has never received state, federal, or United Way funding but still continues to help the children, as it has since 1962 due to the generosity of the people who believe in a natural lifestyle for children.

Heal Our Children

Over 55 Years

Oklahaven Children's Chiropractic Center HAVE -A- HEART 2017 Campaign

February 7-14, 2017

Join the chiropractic colleges, hundreds of chiropractic clinics and many other advocacy groups around the world who are helping the non-profit "Oklahaven" Children's Chiropractic Center by conducting a "Have-A-Heart" Campaign during Valentines Week, February 7-14, 2017. Uniting our consciousness during this week will bring the awareness of the power of chiropractic for the children in your community and you will be supporting an internationally-recognized non-profit organization.

LET US KNOW that you "HAVE-A-HEART" and we will send YOU:

- A DVD of the children's journeys to health — yours to keep.
- Pamphlets about "Oklahaven" Children's Chiropractic Center.
- Hearts to list donor's name and display in your windows, waiting room, front desk or along the halls to patient rooms.
- Information sheet with details for the campaign.
- A press release to announce your participation.

HERE'S WHAT WE ARE ASKING YOU TO DO:

- Show the DVD as it's an excellent tool for public education: waiting rooms, community groups, health food stores, etc.
- Ask everyone to sponsor a heart by giving a gift and writing their name on a heart to be displayed.
- Collect money donated.
- Keep a log of who donates and the amount. We will thank them.
- Send us your final report detailing your success.
- The prestigious award of the "Golden Heart" – the giver of life - is given to the college and clinic that raises the most money.
- Join us in uniting our consciousness during this week to bring the awareness of the power of chiropractic for children in your community.

CONDUCTING A CAMPAIGN IS EASY and creates "contagious excitement" among patients, clinic staff and your community!

WHY PARTICIPATE? Five-time Golden Heart Winner, Dr. Howard Berg, said, "It allows the community to see that you do contribute to something greater and that chiropractic makes a difference in children's lives. That's huge."
